Check if you have the recalled product at home. If you are allergic or sensitive to gluten (wheat), soy, egg, and milk, do not consume the recalled product. Throw it away or take it back to the store where it was bought.

We received a complaint stating that a bag of another brand had been packaged in a Flamingo brand chicken fillets box, causing gluten and the following allergens (Wheat, soy, egg, milk) not being declared on the package. Our risk assessment concluded that there was a potential risk that other boxes of Flamingo chicken fillets within the identified lot might contain the wrong product.

Following this assessment, Olymel decided to quickly recall this product from the market. A recall at the retailer who received this product was launched on July 29th and was made very efficiently.

We also want to assure you that this only applies to our establishment in Brampton, establishment number 39J and only the product covered by this recall notice. The other products of the Olymel Group facilities are not affected by this situation.

All actions required to determine the causes of this error, to adjust our monitoring and verification procedures were implemented to prevent such a situation from reoccurring.
